Tuesdays and Fridays

CRAB ORCHARD

John Stephenson, Jr., took a car thru to West Virginia, for some parties this past week.

Mr. Montez Fish, of Louisville, visited his father and grandmother from Friday to Sunday.

Mrs. John Stephenson, of Cedar Creek, fell a short time since badly spraining her left limb below the knee, and has suffered very much from it.

Mrs. Sallie Rinehart and son, William, of Louisville, have been with Mrs. M. E. Fish and other relatives here. She returned to her home Monday accompanied by her mother, who will probably spend a month with her.

Mrs. Kate Egbert had quite a serious accident a few days since. Her foot caught under the edge of a rug throwing her on a stove. Her face was badly burned in two places. Fortunately the stove was not real hot or it would have proven quite serious.

Mrs. Claudia Holman was called to Paris last week by the serious illness of Charlie Holman's little boy, who was suffering from appendicitis and pneumonia. The little fellow had nine convulsions. He is better at this writing, but Mrs. Holman has not returned.

Mr. and Mrs. Birney Fish and little daughter, Martha, of Harrodsburg, were with Mrs. Fish a few days, also Mr. and Mrs. Robert Burnside and daughter, of Lancaster, and Mr. and Mrs. Dexter Ballou and children, of Stanford, spent Sunday with her.

Mr. Milton Condor is quite sick at his home on lower Main. Mr. Pete Tiffney is very low. Charlie Hiatt is also very sick, near town. Mr. Proctor is able to sit up a little. Col. Gue is in a most feeble condition at the Springs, and Mrs. Harve Collier is some better. Mrs. Russell Dillion and Mrs. Street remain about as they have been for some days.

Mr. Charles Garner, of Cedar Creek, has just received a letter from his son, Raymond G. Garner, "Somewhere in France," dated May 9, 1918. He writes: "I am at the front now, and there are some exciting times around here. See an airplane battle most every day. Am not working hard, just taking care of the horses. The gun crew is out now and they are sure letting them have it. You need not be uneasy about me; am not the least scared about getting killed. We are having some nice weather. We had a good time coming over in horse-car. Came through Paris; think I will get to come home before long."

Young Garner gave his services to the army, and has been "over there" since November, 1917. He is not more than 17 years of age.

On Sunday Mrs. M. E. Fish celebrated the 79th anniversary of her birth by inviting her children, grandchildren and most intimate friends to partake of a dinner at the St. Ivan Hotel, which was an occasion never to be forgotten by those present.

Mrs. Fish, looking younger and handsomer than many of her children, was never in a more joyous mood. The dining room was decorated for the occasion in pink and white carnations and ferns, while vases everywhere were filled with her favorite flowers. Above the table was draped the American flag, lending a touch of patriotism to the scene. The tables were loaded with everything to tempt the appetite and was served in the finest style. The dinner was cooked by Mrs. Buchanan and Julia Owsley, of color, each of whom has no superior and few equals in cookery, and both belonged to Mrs. Fish's father, Thos. Hummer. There were about sixty guests present, and while space will not permit a complete list, we will mention the members of the family present and most intimate friends.

The children who were there were Mr. and Mrs. J. C. Rinehart and son, William, of Louisville, and Montez Fish; Mr. Ivon Fish and family; Birney Fish and family; Mrs. Will Pettus and family; Mrs. Caltha Newland and family; Mrs. Dexter Ballou and family, of Stanford. The other children could not be present. Of the intimate friends invited were Mrs. Perry King, Mrs. J. B. Willis, Mrs. Robert Burnside and family, of Lancaster, Mrs. Kate Egbert, Mrs. Mollie Burghin, Mrs. Traylor, Mrs. Bettie Buchanan, Mrs. Lulu Collier, Misses Bld Perkins, Ethel Geisler, Mayme Holman, Mary Gray, and Messrs. June Traylor, Raymond Skiles, and Rev. Wright of the Christian church, whose prayer of thanksgiving over the meal was beautiful and touching.

The musical program was rendered by Messrs. Raymond Skiles on piano, and Birney Fish on the violin. Mrs. Fish was the recipient of many useful and pretty gifts, among the former was a check for \$25 from her son, Stark Fish, of Oklahoma. That she may enjoy many more such days was the wish of all present. We are sorry we haven't space to name all who registered. Mrs. Kate Mages was invited but owing to sickness could not be present. The whole affair was under the direction and management of Mrs. Ivon Fish and Mrs. Caltha Newland, who certainly deserve praise for the way things were served.

THIS WOMAN FOUND RELIEF
Backache, sore muscles, stiff or swollen joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thomas H. Davis, Montgomery, R. F. D. 3, Ind., writes: "I doctored months without relief. I commenced using Foley Kidney Pills and got relief. Eight bottles cured me." Sold everywhere.

The shortest session of circuit court ever held in Kentucky was that at Maysville in March. The petit and grand juries were sworn in and court adjourned two hours after convening.

NOW IS THE TIME
Next time I will buy Liberty Bonds. For the money I hold back today. Might be needed to get hats and coats and new shoes. We've always purchased in May. My son I have already given to war. And that is enough, I say!

But the son in the trench thought of home and Dad. Buying Liberty Bonds right away.

DON'T LET IT LINGER
A cough that "hangs on" wears down the sufferer, leaving him unable to ward off sickness. Jos. Gilard, 148 Fillmore St., Nashville, Tenn., writes: "I was suffering with a dry hacking cough and a pain in my chest, but since taking Foley's Honey and Tar Compound I have been relieved." It soothes, heals and cures. Sold everywhere.

BEWARE OF CLOGGED LIVER THIS WEATHER
Beware of a clogged liver this time of year. You should take plenty of Vin Hepatica for keeping your liver, kidneys and bowels free of the poisonous substances that pile up in your system so fast in the winter months as the result of your eating so much heavy food and not getting enough exercise to keep your liver and other organs of elimination active as they should be.

These poisons lower your vitality. They make you the more susceptible to colds, gripes, sore throat, pneumonia and catarrh. This Vin Hepatica prescription is just the thing for you. It will not only give you a thorough cleansing of these organs, but will tone you up and make you feel your old self again. Get it from us. The Lincoln Pharmacy, Stanford.

BEST FOR CHILDREN
Experience proves that Foley's Honey and Tar is the best family medicine for children for coughs, colds, croup and whooping cough. Mrs. M. E. Schlarb, 556 Oakland Ave., Ashland, Pa., writes: "When my little girl gets a cold I give her a dose of it and it always relieves her. I cannot praise it too highly. Sold everywhere."

The Fuel Administration issued orders curtailing the manufacture of iron principal clay products as a further restriction of the country's essential industries. Simultaneously the manufacturing program of this industry was placed on the basis of war industry. The statement of the Fuel Administrator declared clay products and other building materials a greater tax on transportation and fuel than any other industry.

RED CROSS MAKING MONEY
Wednesday was a busy day for the members of the Hustonville Red Cross Chapter. First place they came down and spread a splendid dinner at the Baughman sale and made a snug sum. During the day a small box of candy was sold to the highest bidder and was knocked off to Bolivar Bond, who gave it back to the Red Cross ladies. It was again put up and Hughes & McCarty paid a similar amount and gave it back. Sam M. Owens next paid \$3 for it and presented it to the Chapter. Col. G. B. Swinebroad was the next successful bidder and he got it at \$5. He also gave it back and when put up again Mrs. W. L. Neal paid \$5 for it. She gave it back and R. M. Houchin, of Elkhart Springs, paid \$2.50 for it and presented it to the ladies of the chapter, who put it up and it was later knocked off to W. P. Kincaid for \$2.50. Then J. E. Wright bought it for \$2.50; John B. Dinwiddie for \$2.50; S. M. Owens for \$1; John Murphy for \$2.50; J. C. Baughman for \$5; G. W. Owens for \$1; J. N. Cash for \$1; Ed Peyton for \$1; A. R. Snears for \$1, and then Col. John B. Dinwiddie bought it for \$5. He returned the candy to the Red Cross ladies who sold it at an entertainment at Hustonville that night and realized \$61.50. During the day the ladies made close to \$150 for their good cause. This is what we call real patriotism, and we heartily congratulate the ladies on it.

BAUGHMAN'S BIG LAND SALE

The sale of the H. C. Baughman farm Wednesday brought a big crowd to town and the sale was a satisfactory one in every sense.

Messrs. Hughes & McCarty, Stanford's wide-awake real estate men, conducted the sale and their work is being highly complimented by both Mr. Baughman and those who attended the sale. Bolivar Bond, the great Versailles auctioneer, was on the block and he made it interesting alike for bidder and spectator.

The ladies of the Hustonville Red Cross Chapter furnished a splendid dinner and made a snug sum out of it. It was beautifully served and there were good things in abundance for all. The land was first offered in parcels and then as a whole.

Tract No. 1, containing four acres and a fraction, was knocked down to F. J. Conn at \$260 per acre; tract No. 2, having in it a little over five acres, to W. P. Kincaid at \$255 per acre, and tract No. 3, containing five and a half acres to John S. Murphy at \$300 per acre. These were then offered as a whole and knocked off to Eugene Hutchison at \$340 per acre.

Tract No. 4, 30 45-100 acres, was sold to J. M. Reynolds, of Waynesburg, at \$298 per acre; tract No. 5, 26 acres and a fraction to Otis Florence at \$228; tract No. 6, 45 59-100 acres, to G. B. Swinebroad, of Lancaster, at \$135.25; tract No. 7, 22 16-100 acres to J. H. Wright at \$140.50 per acre; tract No. 8, 54 acres, to C. E. Tate at \$81 per acre. The whole place was then offered and was sold to G. B. Swinebroad, of Lancaster, at \$189 per acre.

There are about 193 acres in the tract. It is hoped that Mr. Swinebroad bought the place to live on and that Stanford may soon have him and his excellent family as citizens. Mr. Baughman's palatial home was not offered, he keeping that and some 15 acres of land around it. The sale was one of the biggest and best that has been made here in years and Hughes & McCarty have much reason to be proud of it.

\$100 FINE, 50 DAYS IN JAIL
Pedro Greer, of Kings Mountain, who was arrested Saturday night while returning from Lexington with three cases of whisky, had his trial before a jury in City Judge R. L. Davidson's court Wednesday afternoon and was fined \$100 and given fifty days in jail. The charge was having more whisky than the law allows a person. He appealed the case and gave bond for his appearance at the May term of circuit court. The whisky was brought into court, each of the three cases being placed on the judge's desk and the rest in boxes. The booze will be held until after the trial in the higher court. There were probably 30 witnesses, most of them testifying as to the character of the defendant while there was some damning testimony adduced many declared Greer's reputation was good and had never heard of his being accused of selling whisky except the one time—some 17 years ago—when he was convicted in Federal court. The trial lasted all of the afternoon and the court room was crowded with interested spectators. Speeches were made by Attorney W. S. Burch who defended Greer, and County Attorney T. J. Hill, Jr., who, with Mr. P. M. McRoberts conducted the prosecution.

SWINEBROAD'S GOOD SALE
Col. G. B. Swinebroad, of Lancaster, was in town Wednesday, having come over to look after some business affairs as well as to attend the sale Hughes & McCarty made for H. C. Baughman. Col. Swinebroad had on Tuesday before made an excellent sale near Danville. He disposed of the F. I. Jones place, one mile from Danville, to H. B. Peel, of Boyle. There are 14 acres in the tract and on it is a comfortable six-room bungalow and other improvements. Mr. Peel paid \$8,632.50, or a fraction over \$616 per acre. This is a record price for land in that county. On Wednesday next, 24th, Col. Swinebroad will sell at public auction his splendid 240-acre farm, between Hubble and Hedgeville, advertisement of which appears this issue. Read it.

DELIVERED FINE SPEECH
The speech by Hon. C. C. Bagby, of Danville, at the unfurling of the service flag at the Christian church at Moreland Sunday morning was a gem and it was greatly enjoyed by the large crowd that heard it. There are ten stars on the service flag, representing the ten young men of that congregation who are serving their country here or across the waters. They are Otto Myers, John E. King, Carl Bell, Flem Hughes, Dr. M. Lee Pipes, William R. King, Osie Baker, and Tom Thornton.

NOTICE TO THE FARMERS
If you are anywhere behind with your farming, I would advise you to see and investigate the FORD TRACTOR. I can highly recommend it for your harrowing, rolling, dragging, or other heavy work on the farm. I have tried this machine out myself and find it to be just what we need to save time and labor. It is simple and inexpensive to operate. I will be glad to show you this wonderful tractor. H. C. Anderson, Stanford, Ky.

Cut This Out—It Is Worth Money.

You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Sold everywhere.

Garrard has already sold more than her quota of Liberty Loan Bonds.

MISS CAROL WHEELON

Miss Carol Wheelon, is the pretty and popular daughter of Cushman E. Wheelon of the Waynesburg Deposit Bank. She is also the very efficient assistant to her father, who occasionally goes away for a day or so and leaves her to take care of the bank, and she always does it nicely. The picture hardly does Miss Wheelon justice, as it was made from a card photograph, which was only a fair representation of the accomplished young lady.

CONSIDERABLE WHISKY HERE

There is in town, in the hands of the various officers, some 15 or 20 gallons of whisky taken from those charged with bootlegging and having more of it on hand than the law allows a certain class of people to have. The courts have decided that some of this booze is confiscated property and it will very likely be poured out. This matter stands for the carrying out of the instructions of the courts and its editors are as dry as the driest portion of the great Sahara desert, but it considers the destroying of whisky as an injudicious act just at this time. Alcohol is an essential in both the medicinal and mechanical world, we are told, and if we are bound to have it, why wantonly destroy that from which alcohol can be extracted, and which, as a by-product, makes a useful waste makes woeful want, is a saying as old as it is true. There is no time when waste should be tolerated, and certainly not now, when there is such great demand for everything. Don't keep the whisky to be drunk, but preserve it that it may be applied to some use that good may come from it. Whisky is almost a necessity in certain cases of sickness. Why not turn those 15 or 20 gallons over to the government that it may be sent to the government hospitals over the country? If good can come out of such an evil as whisky is, for heaven's sake let's get it.

DONATIONS FOR DINNER ASKED
The committee, composed of Messdames W. G. Withers, S. J. Embry, Jr., W. M. Bright and Bettie Murphy ask that all who will donate edibles for the court day dinner to be served by the ladies of the Red Cross on May 12th, notify them at the earliest hour possible. Such things as dressed hens, ham, eggs, butter, home baked bread, pickles, etc., are desired and it is hoped that they will be furnished in abundance.

LINCOLN'S WEALTH \$10,645,709
Lincoln county's wealth has gone far past the ten million dollar mark, the total assessable property amounting for last year to \$10,645,709—over \$2,000,000 more than ever before. This sneaks well for Assessor E. D. Kennedy's work. The amount of property reported listed by Assessor Kennedy and the raise made by the supervisors was \$935,992. Of the total amount of taxes \$543,331 is exempted.

SELLING LOTS CHEWING GUM
Mr. S. E. Hubble, who travels for Curry, Tunis & Norwood, Lexington grocers, tells the I. J. that he has sold up to the 14th nearly \$600 worth of Wrigley chewing gum since April 1st. He says the Wrigley gum is the best seller on the market. The Interior Journal covers Mr. Hubble's territory like the dew, and it carries a Wrigley Chewing Gum advertisement. It pays to advertise.

AFTER OIL NEAR BRODHEAD
The Sun Oil Co., of Winchester, will start to drilling for oil on Zeb Hall's farm, three miles South of Brodhead, just as soon as the outfit can be gotten to the lease. The Hall farm is only a short distance from the farm owned by our J. J. Painter, and if oil is encountered it will naturally make his land more valuable.

HE CAN REST FINE NOW.
"I suffered greatly from kidney and bladder trouble," writes F. B. Fairbank, 55 Grand River Ave., W. Detroit, Mich. "Had to get up six or seven times during the night. Foley Kidney Pills have worked wonders and I can recommend them as the best medicine I have ever taken." Tonic in action; quick, sure. Sold everywhere.

JUDGE HARDIN TO SPEAK
The Hustonville Liberty Service League will be addressed next Monday night by Judge Charles A. Hardin, of Harrodsburg. It will be an open session and a great crowd will doubtless hear Judge Hardin, who is one of the best speakers in the State.

MOST CRITICAL HOUR OF WAR

Isaac F. Marcossan, the well-known war correspondent, who is back from the front, spoke in Louisville last night and among other things, said: "There has not been an hour since the first two months of the war when the situation was as critical as it is at this moment. There never has been an hour when the American people should realize quite so acutely their responsibility in the war as now. While the great offensive being waged by the Germans on the western front may be their last great military onslaught, there is no assurance that it is their final effort. As a matter of fact I believe that the Germans were never quite so strong—certainly not since Belgium was overrun—as at the present time. The fact that Germany could launch so great an offensive on the Italian front last autumn, conquer Russia and now let loose the furies against the British army are all ample evidence of the fact that the Kaiser is not beaten and far from beaten."

At every point from the region of La Basse to the north of Ypres, the allied line, re-enforced by French troops, is holding firm against further onslaughts of the Germans. Everywhere the German troops have struck the line in an endeavor to press back the defenders they have been repulsed with heavy losses. Midway between Bailleul and Ypres the Germans vigorously attacked the British positions south of Kemmel, which the British had recaptured from them Wednesday, but were unable to gain any advantage in the face of the strong defense.

Director General McAdoo ordered that the Erie Canal be taken over by the railroad administration and that a fleet of barges be constructed immediately and operated under the direction of G. A. Tomlinson, of Duluth, Minn., to relieve freight traffic.

SPEAK SUNDAY AFTERNOON
Attorney J. Richard Bush, of Lexington, chairman of the speaker's bureau for this district for the sale of Liberty Loan Bonds, will send or bring two speakers here Sunday afternoon who should and likely will be given hearing by hundreds of our people. They are Capt. Cameron and Lieut. McPherson, Canadians, who have seen service at the front. The former has been twice decorated by the King of England for bravery and Lieut. McPherson's record in war is a most enviable one. They are distinguished gentlemen and will interest all who hear them.

The speaking will begin promptly at 2:30 in the afternoon. Let's give them a rousing welcome.

NO MATINEE FOR THE WHIP
Owing to the scarcity of coal, Manager Owens, of the opera house, was unable to get lights for Monday afternoon to show "The Whip," so the great eight-reel picture will be shown only on Monday night. There will be two shows—one at 7 and the other at 9 o'clock. This is probably the greatest picture that has been shown at the opera house here since "The Crisis." "The Whip" was shown at the Alamo in Cincinnati for two solid weeks and to crowded houses all the time. It must be a good one to draw that way.

"THE WHIP" MONDAY NIGHT
In "The Whip," the eight-reel picture that will be shown at the opera house Monday night at 7 o'clock and again at 9, will be seen the terrific smash-up of a fast Saratoga express train speeding 75 miles per hour, and crashing into a box car left in its path. The entire train is hurled down a steep embankment and nearly 500 people are killed. In it also is the greatest race ever shown on canvas, when "The Whip" surprises the bookmakers and wins the great Saratoga Handicap. The picture is full of thrilling incidents and is one well worth seeing. Don't miss it.

AMERICAN FLAG IS OLDEST

The oldest flag among the larger nations battling against the Germans, strange to say, is that of the United States. The Stars and Stripes were adopted June 14, 1777, the only change made since having been the addition of stars from time to time. The present Union Jack of Great Britain was not adopted until 1801, while the French tricolor was adopted in 1794.

The Y. M. C. A., with classrooms in its 500 huts, will establish a "university" in France for the American expeditionary army. The plan has been given the sanction of General Pershing and prominent educators in the United States will assist in making the unique school a success. The aim is to inculcate in the soldiers the ideals of America in contrast to those of Germany.

Gov. Stanley has commissioned Rev. A. J. Pike police judge of Brodhead.

ACTING UNDER THE RIGHT OF ANGARY

The following editorial in the New York World gives the right by which the United States seized the Dutch ships. Many have contended the United States acted beyond the rights of a belligerent with a neutral, but as the editorial points out Holland is acting under instructions from Germany, which gives us the privilege, as embodied in the United States Naval War Code of 1900.

The World says: "There is no right of a belligerent in relation to a neutral better established in international law than the right exercised by the United States Government in the appropriation to its own uses, with compensation, of the Dutch ships long lying idle in American waters. It is known as the 'right of angary.'"

"So treated in the text books, extended references are unnecessary. One alone will do for the present occasion. It is the right as embodied in the United States Naval War Code of 1900:

"If military necessity should require it, neutral vessels found within the limits of belligerent authority may be seized and destroyed or otherwise used for military purposes, but in such cases the owners of the neutral vessels must be fully recompensed."

"This is only a part of the broader rule that the property of neutrals in belligerent territory can claim no greater rights than the property of citizens. Either is as subject to appropriation for war uses as the other and both are as equally subject to war taxation as to commandeering."

"The government of the Netherlands, accordingly, has not the slightest warrant to refer to the matter as 'an act of violence' or as 'indesensible from the viewpoint of international law.' Such language is only to be explained as President Wilson has explained the prior attitude of Holland. Its government is not a free agent in the case. It is acting and speaking under the duress of Germany."

OUR DEFENSE

In the spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged. This is the time to put our house in order—cleanse the system and put fresh blood into our arteries. You can obtain an alternative extract from Blood root, Golden Seal, Stone and Queen's root, Cherry bark, rolled into a sugar-coated tablet and sold by most druggists, in sixty cent vials, as Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of ambition. It will fill you full of vim, vigor and vitality.

Chilliness, when other people feel warm enough, is a sign of biliousness, or of malarial poisons—so is a furred or coated tongue, loss of appetite, headaches or giddiness, and a dull, drowsy, debilitated feeling. It's your liver that's at fault. You want to stimulate it and invigorate it with Dr. Pierce's Pleasant Pellets. With every trouble of the kind, these tiny little things act like a miracle. You can break up sudden attacks of Colds, Fevers, and Inflamations, with them. They'll give you permanent benefit for indigestion, Constipation, Sour Stomach, Sick Headache, and Dizziness. They are small and pleasant to take, and the most thoroughly natural remedy. Twenty-five cents at most drug stores.

THE INTERIOR JOURNAL

R. C. Walton and J. H. Wright

Entered at the postoffice at Stanford, Ky., as second class mail matter.

Did you ever notice how promptly a man responds to the telephone bell when you have walked several blocks to see him on important business and thus keeps you waiting, while he carries on an ordinary conversation? He seems to attach more importance to such a call than a personal one, impelled doubtless by curiosity to know who is calling and experiencing conscious pride on being called. The habit of answering a call instantly is almost universal, but it is not often as serious in its consequence as is reported from Collinsville, Ill., where a German sympathizer was hanged by a mob. A policeman testified when asked why he did not follow the mob when he saw it gathering that the telephone rang just as he started to do so, which kept him until it was too late to go and try to prevent the lynching. There seems something about a telegram and a telephone call that causes the average man to respond quickly, when he will lay a letter aside and fail to answer it. It is for this reason that we are told, the managers of the Liberty Loan, the Red Cross Drive, and the War Stamp Sale, have to use the wire almost exclusively, thereby adding largely to the cost of the campaigns. If you receive a letter from any of these agencies respond at once and save the funds a large and unnecessary expense.

Nostalgia is the medical name for homesickness, which is regarded as a disease, and any one who has ever suffered it will agree that it is the worst of afflictions. The only sure relief is in going home or having a member of the home visit you. It is not often fatal, but Gen. Pershing, in reporting deaths among his men in France, gives the cause of one as nostalgia. Imagine, if you can, the horror of that poor boy's feelings. Thousands of miles from his loved ones with no prospect of seeing them, haunted by the fear that he would never see them again, his utter loneliness and hopelessness all consuming, he must have suffered a thousand deaths, worse than could have come to him on the battle field. Lord, how countless are the sins that William, the damned, will have to answer for. An eternity in hell will not even in slight measure atone.

The execution of Bala Pasha in France for giving aid and information to the German government, ends a career, whose narrative exceeds in adventure the wildest scope of imagination. It also furnishes an example for the United States to emulate that a similar fate must be meted out to traitors and spies. There is no other safe way to deal with such vermin and no other so sure to end such activities of the ones executed and prevent others from continuing them. More rope and less compromising with such dishonor is the demand of the hour.

At midnight tonight the ban on the sale of hens, made by the government, will be lifted and it will then be lawful to lay their heads on the chopping block. It is claimed that the prohibition against killing them, which has been in effect two months, has added largely to the egg supply and the hatch of chickens. Of course no one will kill a laying hen. If he does he deserves to have his head chopped off.

There are three words and phrases of war origin that are being worked over time by the writers and speakers: "Over There," "Over the Top," and "Camouflage." The latter French contribution is used so recklessly and promiscuously that it has almost become nauseating. Give it a rest, at least for a season.

Your boy has been drafted and if the war continues, as it looks as if it will, your money will be drafted. The government has as much right to draft your money as your boy. Avoid such a thing by buying a Liberty Bond—an A-1 investment.

Looks like Don C. Edwards, of Laurel county, is going to get into the race for Congress in the 11th. He served that district a term or so and may be able to prove that he can come back.

Buy a Liberty Bond. You owe it to your country, first place, and secondly it is a good investment. It is better than bank stock and is as safe and strong as the rock of Gibraltar.

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, bandaging, thick plasters and painful methods. Use "Gets-It", it's common sense.

DECLINED WITH THANKS

A smooth-talking representative of the Lincoln Chautauqua was here first of the week trying to convince the members of the Woman's Club that they should by all means have the Lincoln Chautauqua again this year, but the ladies did not "fall" to his proposition. They had too much trouble with the company last year to give it another trial. Hon. W. H. Shanks and Attorney T. J. Hill, Jr., spokesmen for the ladies, impressed the gentleman that they were not at all opposed to Chautauqua, but were eternally opposed to the one he represented—the Lincoln Chautauqua.

MARCOSSON COULDN'T COME

The Liberty Service League promised a treat for the meeting tonight, having accepted an offer of a speech from Isaac F. Marcossion, author, war correspondent and staff contributor to the Saturday Evening Post, and members of the League advertised the speaking thoroughly. Later a wire was received stating that there was a conflict of dates and Mr. Marcossion could not come. It is hoped that he can be induced to speak here later. It was planned to give him a rousing reception.

DECLINES HANDSOME OFFER

Miss Mary D. Carter, daughter of Mr. and Mrs. P. W. Carter, of this city, who is an instructor in the State School for the Deaf at Jacksonville, Ill., received by wire an offer of a position in the War Department at Washington at a generous salary with prospects of an increase, but she declined, feeling that she should remain with the institution she teaches in until the close of the session.

It is believed in Washington that the falling off in submarine effectiveness is due to the fact that the Germans are turning their attention from merchantmen to transports. Departures of American troops for Europe, it is said, now are three times greater than some time ago, and it is probable the Germans may be preparing for a huge submarine offensive against the troop ships.

The German-American Alliance, which has been the storm center of congressional investigation for some time past, will disband and give the \$30,000 now in the treasury to the Red Cross.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

SIX REASONS FOR AVERY KEROSENE TRACTOR SUCCESS

The design and construction of a tractor is mighty important. Study these special features in the design and construction of Avery Kerosene Tractors and you will understand why they are making good on any size farm—large, medium or small.

First—Avery Tractors have a special sliding frame which makes possible the elimination of the intermediate gear, shaft and boxings. An Avery Tractor has the least gears, the least shafting and the least bearings of any two-speed, double drive tractors built—which means more power and longer life.

Second—Avery Tractors have two rear drive wheels and two speeds—a big advantage over single-drive and one-speed tractors.

Third—Avery tractors have slow speed, heavy duty opposed motors—not high-speed, light automobile motors.

Fourth—Avery crankshafts are one-half the diameter of the cylinder or more. You don't need to be afraid of having broken crankshaft.

Fifth—Avery motors have renewable inner cylinder walls. These wearing parts can be replaced without buying an entirely new cylinder.

Sixth—Avery Tractors are entirely free from all pumps and fans. All such easily broken and troublesome parts are done away with in the construction of an Avery Tractor.

All these features are fully described and illustrated in the 1918 Avery catalog. The valuable information which it contains will make it well worth your time to read over. Ask for one. Can Demonstrate an 8-16 H. P. Tractor to You at Any Time.

COL. ELKIN'S GOOD WORK

Col. M. F. Elkin, State commander of the Order of Maccabees, returned yesterday from Casey county, where for the last week he has been working in the interest of the order. He reports that Liberty Tent No. 51 added 92 new members to its roster of members and that 43 additions were initiated into the mysteries of Maccabees by Rocky Ford Tent No. 117, at Ellisburg. As soon as Commander Elkin arrived on the scene the leaders of the order at both places proceeded to "get busy," he says, and thru their efforts the whole community was canvassed and much enthusiasm for the order aroused, resulting in a phenomenal expansion of the two tents. With these additions Casey county, he says, has gone "over the top," exceeding its quota of new members in the present drive. A big banquet, at which Commander Elkin was one of the chief speakers, closed the campaign in Casey county.—Lexington Leader.

Stella-Vitae

THE GUARANTEED TONIC FOR WOMEN

Stella-Vitae has been in successful use in the treatment of those diseases peculiar to women for more than a third of a century.

For nearly ten years it has been sold under a plain, positive guarantee to benefit. Less than one bottle out of every one thousand sold has been refunded, and every claim for a refund has been satisfied. Thousands of letters like this praising Stella-Vitae and telling of benefit to suffering women have been received.

Mrs. E. M. Russell, of Mill Springs, N. C., gratefully writes us as follows: "I was in a most wretched condition; had palpitation of the heart and would swell and blot in a most distressing way. When I began using Stella-Vitae I weighed 108 pounds. Now I weigh 135. I am more thankful than I can ever tell you for the great good this wonderful medicine has done me."

Mrs. Russell was at that critical period, the "change," and her sincere gratitude for the blessed relief will be understood and appreciated by every woman who reads her letter. Stella-Vitae has proved a boon to suffering womanhood, to young girls approaching their first vital period, to women approaching the anguish of childbirth, to women approaching the "change of life." Stella-Vitae strengthens the female organs and promotes regularity in the monthly function.

No risk of loss is taken by any suffering woman who tries Stella-Vitae on our guarantee of the first bottle.

All dealers sell Stella-Vitae and will return your money if it does not benefit you. Don't put off a trial.

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METERIANO, 36 West 10th St., Peru, Ind.

Which Is More Urgent?

FIRE INSURANCE—

Important? You fully realize it. You would not allow your house to remain uninsured over night.

Your house may never burn. Comparatively few buildings ever do.

LIFE INSURANCE—

Important? Oh yes, you intend to insure after awhile when "a little better able to do so."

You will surely die. All men do. You are more likely to die within a week or a year, than your house is to burn.

Death destroys at once and irrevocably, in whole or in part, the income that provided for the daily wants of those you love, the income that was counted on to feed and clothe and educate your children.

IT'S FOOLISH TO SUFFER

When So Many Stanford People Are Pointing the Way Out.

You may be brave enough to stand backache or headache or dizziness. But, if in addition urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of dangerous disease before you know it. But, if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well. Don't experiment—use the remedy Stanford people are publicly endorsing. Read this case:

Mrs. Belle Hiatt, E. Main St., says: "My back pained me dreadfully. I couldn't do my work and if I stooped I could hardly straighten up again. I had dizzy spells and I couldn't walk straight. The action of my kidneys caused me a great deal of annoyance. I had hemorrhages of the kidneys also. I tried many different remedies but got worse all the time. My case was almost chronic when I heard of Doan's Kidney Pills and got some at Penny's Drug Store. This medicine helped me right away so I continued to use them until I was free from backache and my kidneys were in good order. I keep Doan's Kidney Pills on hand and whenever I have any return of this trouble they have never failed to help me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hiatt had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

THREE KINDS

Casualty lists made public by the War Department record 234 casualties, of which eighteen were officers, the largest number of casualties yet reported by Gen. Pershing. The lists show 23 killed in action; three died of wounds; seven missing in action; six died from accidents; 17 died from disease; 80 wounded severely; 98 wounded slightly.

Nearly half of all the coal produced in the United States is mined in Pennsylvania.

President Wilson yesterday commanded the leading Atlantic and Gulf steamships and ordered them under control of the Railroad Administration. This adds 63 coastline vessels to the present 48 under Government control, aggregating 400,000 tons.

Indicted on the charge of interfering with the draft among his own race, Dr. J. E. Henderson, a negro doctor of Springfield, shot his brains out.

GOODRICH TEST CAR FLEET

A Message from America's Roads

SECURE certainty of service in Tested Tires. They give sure service because it is proven service. Their endurance and mileage have been proved in the one way to assure mileage to the motorist, on the car on the road.

Hearken to that 1918 message, the roads of America send American motorists. Last year Goodrich, launching six Test Car Fleets in six widely different regions of our country, took Goodrich Tires, and with light and heavy cars mauled them over sand, gravel and rock roads of plains, deserts and mountains, to try out—

GOODRICH TESTED TIRES

What those tires endured doubled Goodrich's pride in its tires. They fought America's roads through 4,178,744 tire miles. They conquered the roads of America in that phenomenal mileage, those **BLACK SAFETY TREADS** and **SILVERTOWN CORDS**.

Let American motorists listen to this message from America's roads. It means time and money saved them. They get lasting service with the tires that have won the title, "America's Tested Tires."

E. P. Woods shipped to Columbus, Ga., this morning a short-horn bull calf he sold to L. F. Humber for \$100. The calf had to go by freight, the express company refusing him because he weighs over 300 pounds. A ban has been put on all shipments of 300 pounds and over for a time.
T. W. Jones bought of F. Reid 30 hogs averaging 200 pounds at 16 1-2 cents; of W. O. Walker, 25 of same weight, at same price, and of Jacob Gander 17 of same at 16 3-4 cents. Mr. Jones has shipped three cars of stock hogs to North Carolina recently and has a wire for another.
Miss Marie Munday, of St. Louis, who has been with Miss Annie Green Wood, left today to visit friends at Lancaster.

"I haven't the money," is no excuse for not buying a Liberty Bond. You can raise \$2.50 for a cash payment on a \$50 bond. Your bank will loan you the rest at 4 1-4 per cent. Ain't that fair enough?

S. H. S. DEFEATS HUSTONVILLE

Stanford High School's baseball team went to Hustonville Wednesday and after playing a splendid game, won out, 8 to 2. Young Ashlock pitched a good game for the S. H. S. boys, allowing but two safe hits. For Hustonville, Reid did fairly well in the box at first, but gave out toward the last, and the Stanford boys taking advantage of this and a few costly wild throws, overtook the west end lads in the sixth inning, and after that all was rosy. Somerset is the attraction at the ball yard this afternoon. The line-up: Stanford: P. Tanner 2b; E. Tanner c; Sprangers 1b; Capt. Hill ss; McKinney 3b; Holman rf; Craig lf; Melburn cf; Ashlock p; Hustonville: Murphy c; Berry 3b; Farley lf; Gann 2b; Rigney rf; H. Riffe ss; Tucker cf; J. Riffe 1b; Reid p. The score by innings:

THE STREETS NEED OILING

The dust has already begun to fly and when the weather gets good and dry it is going to be unbearable. Oiling time is at hand and it is hoped that a move to have the streets oiled will be started at once. Who will be the first to get busy? Instead of letting the Woman's Club do the work this year, suppose the business men take the matter in hand. The editors of the Interior Journal hereby tender their services.

AT HUSTONVILLE TONIGHT

Several from Stanford will go to Hustonville tonight to see "Female Masonry" presented by a capable company of local people. The play is a very interesting and amusing one and from the large number of seats that have already been sold a great crowd will witness it.

THE BAILEY GARAGE

The Bailey Garage has had "Did It" Hamilton paint a sign on the front of its place of business so large that all who run may read. It is a good job and stamps Mr. Hamilton as expert in his work.

Walter Delaney, a negro barber at Richmond, was arrested on the charge of violating the espionage act, but his case was dismissed by U. S. Commissioner Warfield Bennett. Delaney is a Crab Orchard product and frequently passes thru Stanford en route to his old home.

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in its Bonnet.

It is a joy and comfort to know that these much talked of pains and other distresses that are said to proceed child-bearing may be avoided. No woman need fear discomfort if she will fortify herself with the well known and time-honored remedy, Mother's Friend.

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. By regular use the muscles expand without the usual strain when baby is born and pain and danger at the crisis is consequently less.
Women everywhere who have used this famous remedy tell how they entirely avoided nervousness, twitching spells, bearing down and stretching pains, and relate how they enjoyed entire freedom from the many debilitating and distressing experiences usually incident to approaching motherhood.
Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommended it. It is for external use only, is absolutely and entirely safe and wonderfully effective.
Write the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime obtain a bottle of Mother's Friend from the druggist today and thus fortify yourself against pain and discomfort.
